

## Pre -Cut Backing Squares & Rolls

Pre –cut backing is ideal for those embroiderers, where **time is of the essence**. It reduces **labour in cutting** and is **quick and easy to use** ready for various frame sizes.

❖ *We recommend that you consider pre-cut backing's, if you are in a **kiosk or shop front** situation where you need the backing cut and ready to go at your finger tips. It is also ideal if you are in a situation where there is **not much space or you don't have access to cutting facilities**.*

Why not **put your labour into other more important jobs** such as finishing the garment or re-loading your machine, instead of using the time to cut your backings?

❖ *TAJIMA supply the pre-cut backing in various hoop sizes. The tearaway is also supplied in **CUT SQUARES** and 100mm wide rolls for both **semi-wide and wide cap frames**.*

**The complete range is as follows:**

### CUTAWAY small Rolls

Hoop size **12 cm** (160 x 160 mm)  
Hoop size **15 cm** (190 x 190 mm)  
Hoop size **18 cm** (220 x 220 mm)  
Hoop size **21 cm** (250 x 250 mm)
