New Product!

Tearaway/Cutaway Backing.

Weight : 80gram

Product Code :

TWC5050 (50cm x 50mt

TWC10050 (100cm x 50mt)

Tearaway/Cutaway Embroidery backing provides the support of a Cutaway backing and Tear's away after Embroidering. The unique construction of this embroidery backing provides a stable base for stitching on most fabrics. The short fibres allow for a clean tear which provides a nice finish to the back of the embroidery.

Suggested Instruction: Use one piece of Backing to hold approximately 8000 stitches. Please note depending on the fabric and the stitch density you may need to use a second piece !
